SPECIAL ORDER

REQUEST FOR THE PRODUCTION OF DOCUMENTS

Interrogatories:

1) **Is ZAP aware of any reports of crashes, deaths, or injuries involving the MY 2008 ZAP Xebra? Include, but do not limit your response to any reports of crashes, deaths, or injuries related to vehicle braking.**

We have undertaken and directed an inquiry by calling our existing dealers this past week who are still active in maintaining the 2008 Xebra and by reviewing invoices for the past three years for body parts, windshields, bumpers, etc to repair vehicles that may have been involved in a collision. Our search for invoices and discussions with our dealers allows ZAP to respond that our inquiry for answers are reasonably calculated to assure us that the answers are complete and accurate and that our search was diligently conducted.

ZAP and its' employees are responding that they are not aware of any crashes, deaths or injuries related to vehicle braking or any other reason based on our knowledge and inquiries.
