Dear Sir or Madam:

Re: Travel Trailer and Fifth Wheel Recall, Recall Number 08E-032
Extension Request

Skyline Corporation has received notification from Dometic Corporation of a defect that relates to motor vehicle safety in the refrigerators installed in certain travel trailers and fifth wheels manufactured at its subsidiary facilities located in Elkhart, Indiana, Leola, Pennsylvania, Hemet, California, McMinnville, Oregon and Mansfield, Texas.

This is an expansion of Recall Number 06E-076, and unfortunately this new recall was not properly recognized by the facilities receiving the notice of recall, causing a delay in my receipt of the information.

As such, we respectfully request a 30-day extension to provide the information required by 49 CFR Part 573.5(c). We are actively gathering the information necessary, and will provide as soon as available.

Thank you for your assistance in this matter. Please feel free to contact me for additional information.

Sincerely,

Michael J. Wolter
