Subject: Recall Notice Dated January 14, 2000
MDV Manifold Dash Control Valve not compliant to FMVSS 121

Dear Mr. Myers:

Attached are lists of customers that received this part from us, either in a new terminal tractor, or as a service part between June 1, 1997, and December 31, 1998. We are accepting your offer to send out the recall letters.

The attached list that shows addresses in label style, is a list of the tractors that were shipped during this time. The numbers shown after the name, either on the first or second line, are the chassis numbers of the tractors that were shipped to that customer. Example: 3552-4 denotes that this customer received 3 trucks, 3552, 3553, and 3554. 3523-24 denotes that this customer received 2 trucks, 3523 and 3524. 3623 & 3758 denotes that the customer received 2 trucks, 3623 and 3758.

The list that is presented in line form, is a list of the spare parts customers that received these parts between June 1, 1997, and December 31, 1998.

The action that we are taking on this issue consists of presenting you with the lists of customers that we shipped to between June 1, 1997, and December 31, 1998, and accepting your offer to send out the recall letters.

Sincerely,

Ron Gage
