Dear Alex,
Per our phone conversation listed are the steps we have taken and the current owner of the Dometic refrigerator.

We received a notice for re-call on a Dometic two-door refrigerator.
Our records indicate that we only bought and re-sold one of these units.
A model RM 2853 LB

We did not install the unit.
We bought the unit from Dometic and re-sold it to a customer.
We contacted the customer to get the necessary information needed for the re-call and forwarded that to Stericycle.

Nicole Gasvoda at Stericycle was contacted and forwarded the information to act on our behalf in this matter.

Current owner as we know it is:
Bobby and Tresia Fulton
Rt. 6 Box 1300
Monticello, KY 42633

Vehicle Vin:
1985 Landau
LR108263C85

Thank you very much.

Kevin Jordan
