Important Notice

January 22, 2003

Harrison Hydra-Gen has issued a recall on certain generator pumps. **These generators are to be taken out of service immediately.** The recall information is attached.

Below is a list of trucks that may have the suspect pumps. You will need to verify the pump serial number to determine if the truck is involved in the recall.
13139 Media Fire Co.

The generator pump serial numbers involved are as follows:

- G226934
- J227459
- J227453

. **NOTE:** The hydraulic pump serial number is different than the generator serial number.

Harrison Hydra-Gen advised that the Pierce sales organizations could perform the repair and invoice Harrison directly. Harrison will ship parts overnight. Contact at Harrison is John Mann @ 800-723-3334.

Sincerely,
Pierce Manufacturing Inc.
