Dear Sir or Madam:

Jayco is preparing to re-notify owners involved in safety recall 05V-556 who have not had their vehicles corrected or accounted for. We are submitting the enclosed "**VEHICLE SAFETY DEFECT RECALL-FOLLOW UP NOTICE**" document for review and approval.

The original scope of the recall involved 1878 units. Of the total units, 796 have been remedied, for a completion rate of 42.39%.

The revised owner list, compiled from Jayco's database, is completed with an approximate start date of owner notification within 5 days after receiving approval for the re-notification. As required, Jayco Inc. will also provide additional quarterly reporting for this recall, which is due in April 2008.

If you have any questions or concerns, please feel free to contact me at (574) 825-5861 Ext. 2729.

Sincerely,

David C. VanderMolen

NHTSA Recall Campaign # 05V-556

Unit Serial Number: «Serial»

Dear Jayco Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

This is a follow up to a notice that was sent to you in January 2006 concerning reinforcing plates which may be missing from the installation of the hitch receiver. When a load is applied to the hitch, it may become partially detached from the frame if these plates are missing. This condition, if not addressed, could result in accident, injury or death.

The remedy includes inspection and replacement of the reinforcing plates with new hardware, if missing. If you have had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information or if you are unable to have this repair performed, please contact Jayco Customer Service at 1-800-283-8267 for assistance.

This letter attached with a **“Claim Form”** will serve as an authorization to have the correction made. Please present the **“Claim Form”** to your dealer upon arrival of your service appointment. This will assist in making the necessary correction in the shortest possible time and allow the dealer the ability to mail in the form to Jayco to confirm the recall repair has been performed. If you have sold or traded your vehicle, or for any reason cannot have this recall service performed, please let us know by completing the information on the enclosed post card

and returning it to us promptly. Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within **ten days**.

Your Jayco dealer is best equipped to provide service to ensure that your recreational vehicle is corrected as promptly as possible. If, however, you take your recreational vehicle to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please contact our Customer Service department at (574)-825-0608

After contacting your Jayco dealer and Jayco Customer Service and you are not able to have the safety defect remedied without charge and/or within a reasonable time, you may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We apologize for this inconvenience. However, we have taken this action in the interest of your safety and continued satisfaction with your Jayco motor home

Sincerely,

Jayco, Inc.
