 Vehicle ID #:
 Compliance Recall Notice 12C23

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that your vehicle, with the Vehicle Identification Number shown above, fails to conform to the requirements specified in Federal Motor Vehicle Safety Standard (FMVSS) Section 102 S.3.1.4.1 requiring indication of transmission gear selected and FMVSS Section 108 S.7.6.5 requiring activation of the back-up lamps when the gearshift lever is placed in reverse gear.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle, it may be possible that when the transmission gearshift lever is placed in reverse, the electronic transmission PRNDL display (if equipped) may not indicate "R" (reverse) and the back-up lamps may not operate. These conditions increase the risk of a crash or a pedestrian being struck due to the lack of reverse lamp illumination. Additional symptoms that may be experienced intermittently include the vehicle does not move when reverse gear is selected and inoperative rear video camera.

What will Ford and your dealer do?

Ford Motor Company has authorized your dealer to inspect and if necessary, replace the transmission range sensor free of charge (parts and labor).

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle will require inspection to determine if parts need to be ordered.

What should you do?

Please call your dealer without delay and request a service date for Recall 12C23. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

**What should you do?
(Continued)**

Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you still have concerns, please contact the Ford Motor Company Customer Relationship Center at 1-866-436-7332 and one of our representatives will be happy to assist you. For the hearing impaired call 1-800-232-5952 (TDD). Representatives are available Monday through Friday: 8:00AM - 5:00PM (Your Local Time).

If you wish to contact us through the Internet, our address is www.Fordowner.com.
