Hello Kelsey,

When you get a chance can you send us a copy of the latest test results for the Xebra.

thanks,  
Joe Rajakaruna

Hi Kelsey,

How did the burnish testing go for the Xebra?

thanks,  
Joe Rajakaruna

Joe,

We are currently working on the burnish process. It is creating a bit of a problem with brake drag. This is causing the temperatures to get very hot and the battery is not lasting more than 10 miles per charge. It is taking quite some time.

Best Regards,

Kelsey Chiu

Hello Kelsey,

Thanks for the update last week.

How is the 2nd effectiveness test going? Did the Xebra stop in the distance?

Also, when you get a chance can you send the data from the 1st effectiveness test.

thanks,

Joe Rajakaruna
