DCSnet Message
Important

Subject: **ActiveE Drive Motor Sealing Safety Recall**

To: Service Managers, Parts Managers and Service Advisors,

Certain Model Year 2011 BMW ActiveE vehicles are subject to a safety Recall requiring inspection of the electric motor drive splines. During the inspection, an improved seal will be installed to ensure proper lubrication of the splines.

This Recall must only be performed by participating ActiveE centers. Participating centers will be provided with further details in a separate DCS message on Friday, January 18, 2013.

Customer inquiries on this issue may be referred to a participating ActiveE center or the BMWNA ActiveE Hotline: (855) 236-1025. A list of participating ActiveE centers can be found in SI B00 08 11.

Sincerely,

Technical Service
