RE: E70 Brake Booster Vacuum Line Recall Parts Update

BMW will be shipping a limited amount of parts to each Dealer to be used for **critical cases**. These parts will arrive at your Dealership by **the end of next week**.

The limited supply of parts will only include the vacuum pipe and not the additional parts needed if an oil contamination is found.

Please do not schedule or send out mailings to your customers until the SIB is released **and you have the parts on hand at your Dealership to perform the repair**.

Parts will remain blocked from ordering at this time. Parts ordering information will be sent out in a DCS when the SIB is released.

Please do not contact the PTG by phone, email or PuMA to have parts released.

Thank you,

Amy McNamara
Logistics Operations Manager
