Subject: Incorrect Tire Pressure Label/FMVSS 120, 567

Dear Mr. Carolus:

This letter serves to acknowledge Keystone RV Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
KEYSTONE/SPRINGDALE/2013

Mfr's Report Date: February 8, 2013

NHTSA Campaign Number: 13V-050

Components:
EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 37

Problem Description:

Keystone RV Company (Keystone) is recalling certain model 2013 Springdale 266RLSSR and 267BHSSR Travel Trailers, manufactured from November 19, 2012, through February 5, 2013. These vehicles were manufactured with the incorrect information on the Federal Identification Tag and Tire and Loading Information Label. The tire inflation pressure is incorrectly listed as 448 KPA (65 PSI) instead of 345 KPA (50 PSI). Thus, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard No. 120, "Tire Selection and Rims for Motor Vehicles Other Than Passenger Cars."

Consequence:

Owners relying on the information contained on the label may overinflate the tires, which may result in sudden tire failure, which may increase the risk of a crash.

Remedy:

Keystone will notify owners and provide corrected labels. The recall will begin in February 2013. Owners may contact Keystone RV Company at 574-535-2100.

Notes:

Keystone's recall number is 13-189. Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Keystone's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
