To: All BMW Parts Managers

Re: Status Battery Cable P/N 9 312 133

We would like to provide you with the current status for the Battery Cables, part number 9 312 133.

Current Backorder 10,251

Current in Transit to US 20,451

All shipments to the US are via FedEx from Munich, inventory is being received daily (over 16,000 pcs have been received since last Friday).

Please note we are monitoring all orders and will reduce order quantities at our discretion, for example today one center ordered 900 pcs, the order was changed to 100 pcs.

This action is necessary to ensure all dealers receive some cables as inventory arrives.

We will provide you with updates every one to two days.

Thank you for your patience,

Amy McNamara
Logistics Operations Manager
