

# SALES

**50**  
YEARS IN THE USA

MOTORCYCLE / ATV Division

Bulletin No: 13-87

Date: July 11, 2013

## IMPORTANT

**STOP RETAIL SALES and DELIVERY OF ALL GSX1300RAL3 and GSX1300RAZL3 Models**  
Suzuki has determined that a safety defect exists on these models.

AFFECTED UNITS				
Model	Name	Model Year	VIN Range	
GSX1300RAL3/ GSX1300RAZL3	Hayabusa	2013	JS1GX72B-x-D2100001	JS1GX72B-x-D2102708

Suzuki has instituted a safety recall campaign to replace the ABS Hydraulic control module due to a manufacturing issue which may have caused internal contamination of the ABS unit. To ensure customer safety and satisfaction, dealers will replace the ABS Hydraulic control module.

Servicing information regarding this safety recall will be available in a Technical Service Bulletin the week of July 22, 2013.

Dealers will be able to order the necessary parts to perform this recall campaign beginning approximately the first week of August. An adequate supply of parts will be available at this time to ensure your ability to service all your affected units. Your dealership may immediately resume retail sales once the recall campaign is completed.

Retail customers will be notified of this safety recall beginning the first week of August.

**It is a violation of Federal law to deliver any new vehicle subject to a safety recall campaign until the defect or noncompliance has been corrected. Additionally selling a non repaired unit is a direct violation of your Suzuki dealer agreement and may lead to additional sanctions.**

If you need any additional information, please contact the Suzuki Techline or your Technical Service Manager at 714-996-7480. We apologize for this inconvenience and will do everything possible to resolve this situation as quickly as possible.

Thank you for your continued support and understanding.

Way of Life!

Rod Lopusnak
