

**Honda Recall Voice Alert to Customer**

**NHTSA ID: 13V-157**

**Date: August 2, 2013**

Honda recently mailed to you an important safety recall notice regarding your 2012 or 2013 Fit. This notice explains that your vehicle's VSA system fails to conform with Federal Motor Vehicle Safety Standard No. 126, and may allow the vehicle to partially lose traction at high steering wheel angles, increasing the risk of crash. The notice also outlines what you need to do, including how to obtain the recall repair, free of charge, at any authorized Honda dealer. If you need help finding a Honda dealer, or do not receive the notice within five days, please call 1-800-999-1009, and select option 4. Thank you.
