**Re: Safety Notice Pertaining to All Kuryakyn Handlebar Risers/Setbacks for GL1800  
NHTSA Campaign no.: 13E-037**

Dear Kuryakyn Retailer,

Thank you for your support and understanding regarding Kuryakyn's Recall of our 7437 Handlebar Risers/Setbacks for GL1800. The following is updated information for you.

Enclosed is the **interim** letter approved by NHTSA that needs to be sent to all consumers who purchased these handlebar risers/setbacks or who had them installed on their motorcycles. The letter can be sent to the consumer via email, fax, or through the US Postal Service. Use whichever method is most likely to reach your customer. If the letter does not reach them via one method then use other methods. As previously requested, we are asking that you send these letters to consumers within three days of receiving the letter from us. If you have provided the consumer's information to us, we will send the letter to him/her on your behalf.

In the near future, we will also be sending service kits with the 7437 instruction sheet and replacement screws (P/N 227437 and 237437) for you to repair consumer's 7437 handlebar risers/setbacks when they bring their bike in after receiving the recall notification.

If you have any questions, please feel free to contact Kuryakyn Customer Service at 1-866-296-4728. A Kuryakyn Customer Service agent will answer any questions you might have regarding this. You can also send an e-mail to [riserrecall@kuryakyn.com](mailto:riserrecall@kuryakyn.com).
