Washington, DC 20590

November 14, 2013

Mr. David Johnson  
Service Manager  
Outlaw Conversions  
1000 Airport Road  
Stephenville, TX 76401

NVS-215KS  
13V-513

**Subject:** Interior Side Door Lock May Become Inoperable

Dear Mr. Johnson:

This letter serves to acknowledge Outlaw Conversions's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

4-STAR/HORSE TRAILER/2006-2013  
HART/HORSE TRAILER/2006-2013  
PLATINUM/HORSE TRAILER/2006-2013

**Mfr's Report Date:** September 20, 2013

**NHTSA Campaign Number:** 13V-513

**Components:**

LATCHES/LOCKS/LINKAGES

**Potential Number of Units Affected:** 10

**Problem Description:**

Outlaw Conversions (Outlaw) is recalling certain model year 2006-2013 Hart, 4-Star, and Platinum gooseneck horse trailers with living quarters manufactured January 1, 2006, through April 25, 2013 and equipped with Fastec-brand door locks. It may be possible to remove the key from the lock in a way that potentially jams the deadbolt.

**Consequence:**

If the deadbolt jams, the interior side of the door lock may also jam. A person inside the travel trailer at the time will then be locked in and be unable to exit the vehicle without using the emergency exit, increasing the risk of injury.

**Remedy:**

Outlaw will notify owners, and Fastec will coordinate the inspection and replacement of the cylinders, as needed, free of charge. The recall is expected to begin by the end of December 2013. Owners may contact Outlaw at 1-254-968-5733 or Fastec at 1-800-837-2505.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

It is required that owners be sent a letter, on the Outlaw Conversions' letterhead, informing them of the safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

We have been informed that Fastec will be handling the quarterly reporting for this campaign. Please be reminded that as the vehicle manufacturer Outlaw is ultimately responsible for conducting an adequate safety recall campaign of its vehicles. Accordingly if this safety recall campaign is not successful, the agency may require Outlaw to conduct a follow-up notification and conduct additional quarterly reporting.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at [kelly.schuler@dot.gov](mailto:kelly.schuler@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations  
Enforcement
