Subject: Wheels Susceptible to Cracking

Dear Mr. Whitten:

This letter serves to acknowledge Wheel Pros, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

MOTO METAL/MO909 8-LUG/9999

Mfr's Report Date: October 15, 2013

NHTSA Campaign Number: 13E-056

Components:

WHEELS

Potential Number of Units Affected: 14,383

Problem Description:

Wheel Pros, LLC is recalling certain Moto Metal-brand 8-Lug bolt pattern wheels, model MO909. The affected wheels are susceptible to cracking.

Consequence:

A cracked wheel may lead to separation of the tire from the rim, potentially resulting in a loss of vehicle control thereby increasing the risk of a crash.

Remedy:

Wheel Pros, LLC will work with its distributor/retailer customers to notify customers and replace the wheels, free of charge. The recall is expected to be early December 2013. Owners may contact Wheel Pros at 1-303-433-3599.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Wheel Pros, LLC's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Wheel Pros, LLC must submit a sample of the envelope in which you intend to mail the recall notice to owners. The words "SAFETY," "RECALL," and "NOTICE," in any order, must be printed on the envelope in all capital letters, in a type larger than that used in the address section, and in a manner distinguishable from the other type in a manner other than size (for example, in a different font or color).

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
