Subject: Possible Front Axle Separation

Dear Mr. Walker:

This letter serves to acknowledge Terex Advance 's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

TEREX ADVANCE/4 AXLE GLIDER/2013
TEREX ADVANCE/5 AXLE GLIDER/2013
TEREX ADVANCE/6 AXLE GLIDER/2013
TEREX ADVANCE/7 AXLE GLIDER/2013
TEREX ADVANCE/FD3000/2013
TEREX ADVANCE/FD4000/2013
TEREX ADVANCE/FD4000B/2013
TEREX ADVANCE/FD5000GL/2013
TEREX ADVANCE/FD6000B/2013

Mfr's Report Date: October 23, 2013

NHTSA Campaign Number: 13V-560

Components:

SUSPENSION:FRONT:SPRINGS:LEAF SPRING ASSEMBLY:U-BOLT, LEAF SPRING TO AXLE

Potential Number of Units Affected: 209

Problem Description:

Terex Corporation is recalling certain model year 2013 Terex Advance FD3000, FD4000, FD4000B, FD5000GL, FD6000B, 4 Axle Glider, 5 Axle Glider, 6 Axle Glider, and 7 Axle Glider front discharge concrete trucks manufactured October 2012 through October 2013. The u-bolt that attaches the front axle to the leaf spring can fracture.

Consequence:

Failure of u-bolts could lead to separation of the front axle from the vehicle, resulting in loss of operator control and increasing the risk of a crash.

Remedy:

Terex will notify owners, and dealers will remove the u-bolts and attach the front axle to the leaf springs using plates and studs, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Terex at 1-605-882-4000.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners will be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles. You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
