

U.S. Department of Transportation  
**National Highway Traffic Safety  
Administration**

1200 New Jersey Avenue SE  
Washington, DC 20590

December 24, 2013

Mr. Billy Miles  
Director of Operations  
E-One Incorporated  
1601 SW 37th Avenue  
Ocala, FL 34474

NVS-215KS  
13V-601

**Subject:** Seat Belt may be Difficult to Unlatch/FMVSS 209

Dear Mr. Miles:

This letter serves to acknowledge E-One Incorporated's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

E-ONE/CYCLONE II/2013  
E-ONE/QUEST/2013  
E-ONE/TYPHOON/2013

**Mfr's Report Date:** November 21, 2013

**NHTSA Campaign Number:** 13V-601

**Components:**

SEAT BELTS:FRONT:BUCKLE ASSEMBLY

**Potential Number of Units Affected:** 10

**Problem Description:**

E-One Incorporated (E-One) is recalling certain model year 2013 model Typhoon and Cyclone II fire fighting vehicles equipped with IMMI-brand L9 seat belt buckles. When the button is pressed to release the seat belt, the latch plate can become partially engaged with the buckle, making the seat belt difficult to unlatch. Thus, these vehicles fail to conform to the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 209, "Seat Belt Assemblies."

**Consequence:**

If the latch plate remains partially engaged after the button is pressed, egress from the vehicle could be hindered, resulting in an increased risk of injury in the event of an accident or emergency.

**Remedy:**

E-One will notify owners and dealers will inspect the seat belt buckle, and if necessary, replace the seat belt buckles, free of charge. The recall is expected to begin on December 30, 2013. Customers may contact E-One at 1-800-627-5050.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received E-One's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

On August 20, 2013, NHTSA announced new changes to the requirements governing safety recalls. Some of these requirements are already in effect. Please ensure your company will be in compliance with each requirement on, or before, its respective effective date. For a summary of the requirements and their effective dates please click on the "New!" link at <http://www.safercar.gov/Vehicle+Manufacturers>.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at [kelly.schuler@dot.gov](mailto:kelly.schuler@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations  
Enforcement
