VEHICLE SAFETY DEFECT NOTIFICATION

NHTSA Recall Campaign # 13V-514

Dear Jayco Dealer:

This letter is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

DEFECT INVOLVED

Jayco has decided that certain model year 2014 Jayco Jay Flight Travel Trailers, and model year 2014 Jay Flight Swift Travel Trailers manufactured July 8, 2013 through August 30, 2013 have a defect which relates to motor vehicle safety. The affected vehicles may have an improper amount of insulation stripped from the 110V AC water heater ignition wires resulting in a poor connection of the wires. A poor wiring connection could increase the wiring resistance, causing excessive heat, resulting in an increased risk of fire.

The remedy for this issue is to inspect the installation of the water heater and repair it as necessary. If you are unable to perform this repair, please contact Jayco Customer Service for assistance.

DEALER CAMPAIGN RESPONSIBILITY

We strongly suggest that you designate a manager to coordinate the recall to ensure the work is performed and documented properly, and that a warranty claim is submitted to Jayco to verify the performance of the modification. This responsibility should also include accountability for all stock units affected by the recall campaign.

All unsold new vehicles in your possession that are subject to this campaign must be held and repaired per the service procedure of this recall campaign bulletin **before** owners take possession of these vehicles.

Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. You may do this by sending a copy of the retail owner recall notice. In addition, Jayco encourages you to follow up with a telephone call to the customer to assist in scheduling the repairs.

Authorized Jayco dealers are to service all vehicles subject to this campaign at no charge to owners, regardless of mileage, age of vehicle or ownership, from this time forward. Recall campaigns should receive the highest priority in your shop because of the safety factor involved and work must be scheduled promptly regardless of where the vehicle was purchased.

OWNER NOTIFICATION

Retail owners of record will be receiving notification of this campaign within one week of this dealer notification letter. A copy of the owner notification letter is attached for your review.

If you have any questions regarding this recall or instructions, please contact us on your dealer service line .

Thank you for your assistance.

Sincerely,

Terri Tobias
Regulatory Compliance Manager
