Problem Description:

Carflex Auto LTD in cooperation with Omix Ada, Inc. is recalling certain front and rear braided stainless steel replacement brake hoses sold as extended length replacement brake hoses for certain Jeep vehicles that have been modified for off road use. The brake hoses could leak fluid and possibly rupture.

Omix Ada will notify wholesalers and owners, and will supply replacement brake hoses, free of charge. The recall is expected to begin by the end of January 2014. Owners may contact Omix Ada at 1-770-614-6101. Omix Ada's number for this recall is CBRK 1-13.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Omix Ada's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

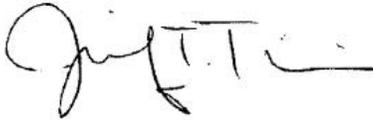

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
