Re: Jet Company Notice of Recall  
NHTSA Campaign Number 13V-582

Dear Ms. Schuler:

As you know, I represent Jet Company of Humboldt, Iowa. You and I spoke approximately 10 days ago at which time I confirmed that Jet Company was completing its testing and when completed, the Notice letters to owners and dealers would be issued by Jet Co. The Company is now ready to proceed.

I have attached those two Notice letters for your review and approval. I believe the "Dealer" letter is completely ready to be sent out. The only question I have for you is with respect to the "owner" letter.

I don't believe that the highlighted portion found on page 2 applies to an aluminum grain trailer as it relates to the owner reply card. Rather, I suggest that Jet Co. utilize the "bolded" language found on the bottom of page one of the Owner letter which also allows Jet Company to obtain the identity of a subsequent purchaser of the trailer.

If the owner reply card is a mandatory item, then please provide us an example of that card at your earliest convenience. I appreciate your cooperation and look forward to your reply to this correspondence. Regards,

Very Truly Yours

Mark D. Aljets
