Subject: Incorrect Tire Pressure Listed/FMVSS 119

Dear Ms. Burkett:

This letter serves to acknowledge Viking RV, LLC.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

COACHMEN/SPORT/2014
VIKING/EPIC/2014

Mfr's Report Date: June 12, 2014

NHTSA Campaign Number: 14V-324

Components:

EQUIPMENT:OTHER:LABELS
TIRES

Potential Number of Units Affected: 57

Problem Description:

Viking RV, LLC (Viking) is recalling certain model year 2014 Viking Epic 1706LS and Coachmen Sport 806LS recreational trailers manufactured January 16, 2014, through May 28, 2014. The affected vehicles incorrectly list the recommended tire air pressure as 90PSI instead of 60PSI on the Federal Certification Tag and Tire Information Tag. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard Number 119, "New Pneumatic Tires for Vehicles Other Than Passenger Cars."

Consequence:

If the tires are filled to the air pressure indicated on the current label, there is an increased risk of a tire blowout which may result in a crash.

Remedy:

Viking has notified owners, and has mailed owners corrected labels, free of charge. The recall began in June 2014. Owners may contact Viking customer service at 1-800-368-2829.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please submit one quarterly report listing a 100 percent completion rate for this recall.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with a large initial "J" and a long horizontal stroke at the end.
