Subject: Warning Triangle Kits/FMVSS 125

Dear Ms. Tonglao:

This letter serves to acknowledge PACCAR Incorporated's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

PACCAR/WARNING TRIANGLE KITS/9999

Mfr's Report Date: July 14, 2014

NHTSA Campaign Number: 14E-040

Components:

EQUIPMENT

Potential Number of Units Affected: 134,583

Problem Description:

PACCAR Parts (PACCAR), a division of PACCAR Incorporated, is recalling certain aftermarket Mirrex and TRP-branded Warning Triangle kits, sold June 1, 2009, to July 2, 2014, as Paccar part numbers GMX1005K and MD1005K. The affected warning triangle kits do not have the manufacturer's name permanently marked on each triangle in the kit. As such, these Warning Triangle kits fail to comply with the requirements of Federal Motor Vehicle Safety Standard No. 125, "Warning devices."

Consequence:

Without the required markings, owners may not be able to identify affected warning triangles involved in a recall involving their reflectivity and visibility. Triangles that have reduced visibility increase the risk of another vehicle crashing into the parked vehicle.

Remedy:

PACCAR will notify owners, and dealers will refund the owners who purchased the warning triangle kits. The recall is expected to begin by mid-September 2014. Owners may contact PACCAR customer service at 1-800-945-1231. PACCAR's number for this recall is PPD1407.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received PACCAR's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
