Mfr's Report Date: July 21, 2014

NHTSA Campaign Number: 14V-444

Components:

FUEL SYSTEM, OTHER

Potential Number of Units Affected: 5

Problem Description:

Blue Bird Body Company (Blue Bird) is recalling certain model year 2013-2015 Vision school buses manufactured December 5, 2011, to July 2, 2014, and equipped with the optional Roush CleanTech propane fuel system. In the affected vehicles, the return fuel line may crack near the support bracket.

Consequence:

A propane leak in the presence of an ignition source increases the risk of a fire.

Remedy:

Blue Bird will notify owners, and dealers will replace the existing fuel return line with a new line and support clamps, free of charge. The recall is expected to begin in September 2014. Owners may contact Blue Bird customer service at 1-478-822-2242. Blue Bird's number for this recall is R14XJ.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Blue Bird's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
