Dear Ms. Tobias:

Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Makes/Models/Model Years:**

JAYCO/SEISMIC/2015

**Mfr's Report Date:** August 26, 2014

**NHTSA Campaign Number:** 14V-515

**Components:**

EQUIPMENT:OTHER:LABELS

**Potential Number of Units Affected:** 29

**Problem Description:**

Jayco, Inc. (Jayco) is recalling certain model year 2015 Seismic 19A, 19E, and 19F fifth wheel trailers manufactured June 2, 2014, to July 24, 2014. The affected vehicles may have incorrect cargo carrying capacity (CCC) information printed on the CCC Label. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 110, "Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information For Motor Vehicles With a GVWR of 4,536 kilograms (10,000 pounds) or less."

**Consequence:**

If the user overloads the trailer by following the incorrect information on CCC label, it could affect drivability and cause premature tire wear or tire failure, increasing the risk of a crash.

**Remedy:**

Jayco will notify owners, and dealers will replace the existing CCC Label with a corrected CCC Label, free of charge. The recall is expected to begin in September 2014. Owners may contact Jayco customer service at 1-800-283-8267. Jayco's number for this recall is 9901219.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
