Please review the following information to ensure that it conforms to your records as this information is being made available to the public. NAVISTAR/FLTTRIKIT3 WARN TRIANGLE/9999

Mfr's Report Date: August 25, 2014

NHTSA Campaign Number: 14E-057

Components:

EQUIPMENT

Potential Number of Units Affected: 53,504

Problem Description:

Navistar, Inc. (Navistar) is recalling certain FLTTRIKIT3 warning triangle kits manufactured August 15, 2012, to July 25, 2014. The affected warning triangles may reflect an inadequate amount of light. As such, these warning triangles fail to comply with Federal Motor Vehicle Safety Standard No. 125, "Warning devices."

Consequence:

Warning triangles that do not properly reflect light may fail to warn others that a vehicle is parked, increasing the risk of a crash.

Remedy:

Navistar will send notices to all North American dealers to post recall notices at their service desks and service parts counters, to provide dealer communications for contacting their customers regarding the suspect triangle kits, and provide customers with a replacement triangle replacement kit, free of charge. The recall is expected to begin on October 20, 2014. Owners may contact Navistar customer service at 1-800-448-7825. Navistar's number for this recall is 14513.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please provide examples of the notices that Navistar will have their dealers post.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
