Subject: Air Bag may Deploy when Child Restraint is in Seat

Dear Mr. Johnson:

This letter serves to acknowledge Hyundai Motor America's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

HYUNDAI/ACCENT/2015

Mfr's Report Date: April 10, 2015

NHTSA Campaign Number: 15V-218

Components:

AIR BAGS:FRONTAL

Potential Number of Units Affected: 2,580

Problem Description:

Hyundai Motor America (Hyundai) is recalling certain model year 2015 Accent vehicles manufactured September 15, 2014, to February 10, 2015. In cold temperatures, the occupant detection system (ODS) may not be able to determine if a child restraint seat is in the front passenger seat.

Consequence:

If the ODS fails to detect that the seat is occupied by a child restraint seat, the front air bag will not be deactivated and, in the event of a crash necessitating front air bag deployment, there would be an increased risk of injury to the occupant in the child restraint seat.

Remedy:

Hyundai will notify owners, and dealers will correct ODS software, free of charge. The recall is expected to begin on June 5, 2015. Owners may contact Hyundai customer service at 1-855-671-3059. Hyundai's number for this recall is 129.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Hyundai's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

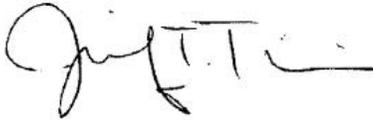

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
