Mr. Chad Olinger
Cruiser RV
PO Box 130
Howe, IN 46746

NVS-215MR
15V-234

Subject: Propane Gas could Seep into Passenger Compartment

Dear Mr. Olinger:

This letter serves to acknowledge Cruiser RV's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

CRUISER RV/VIEWFINDER/2015

Mfr's Report Date: April 17, 2015

NHTSA Campaign Number: 15V-234

Components:

EQUIPMENT:RECREATIONAL VEHICLE:LPG LINES AND FITTINGS

Potential Number of Units Affected: 46

Problem Description:

Cruiser RV (Cruiser) is recalling certain model year 2015 Viewfinder recreational trailers manufactured September 4, 2014, to March 30, 2015. In the affected vehicles, the liquid propane (LP) compartment in the slide room is not properly sealed to the interior of the trailer. If a leak occurs in the LP compartment, propane gas could dissipate into the interior of the trailer.

Consequence:

A propane gas leak into the interior of the trailer increases the risk of a fire in the presence of an ignition source.

Remedy:

Cruiser will notify owners, and dealers will modify the recreational trailer so that the LP compartment is sealed from the passenger area, free of charge. The recall is expected to begin in May 2015. Owners may contact Cruiser customer service at 1-866-277-5630. Cruiser's number for this recall is 11041R.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Cruiser's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

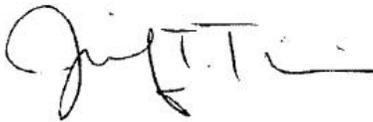

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
