Mfr's Report Date: April 20, 2015

NHTSA Campaign Number: 15V-237

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 83

Problem Description:

Forest River, Inc. (Forest River) is recalling certain model year 2015-2016 Coachmen Freelander vehicles manufactured February 14, 2014, to April 1, 2015, and 2015 Coachmen Leprechaun vehicles manufactured on June 10, 2014. The affected vehicles, manufactured on a Ford 158" wheelbase chassis with a 5.4L V-8 engine, may have a Federal Certification label that lists an incorrect gross vehicle weight rating (GVWR), gross axle weight rating (GAWR) and wrong cargo carrying capacity information. As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

With incorrect GVWR, GAWR, and cargo carrying capacity information, the operator may overload the trailer, increasing the risk of a crash.

Remedy:

Forest River will notify owners and will provide replacement labels with the corrected information, free of charge. The recall is expected to begin in May 2015. Owners may contact Coachmen customer service at 1-800-453-6064. Forest River's number for this recall is 51-04172015-0031.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
