15V-397

Subject: Head Restraint Exceeds Measurement/FMVSS 202a

Dear Mr. Fisher:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

DYNAMAX/REV/2015

Mfr's Report Date: June 12, 2015

NHTSA Campaign Number: 15V-397

Components:

SEATS:FRONT ASSEMBLY:HEAD RESTRAINT

Potential Number of Units Affected: 2

Problem Description:

Forest River, Inc. (Forest River) is recalling certain model year 2015 Dynamax Rev vehicles manufactured November 25, 2014, to November 26, 2014. The affected vehicles may have been manufactured with head restraints that exceed the maximum backset measurement limit of 55mm. As such, these vehicles fail to comply with the requirements of the Federal Motor Vehicle Safety Standard number 202a, "Head Restraints."

Consequence:

If the vehicle is struck from behind, the head restraint may not properly limit the seat occupant's head movement rearward, increasing the risk of injury.

Remedy:

Forest River will notify owners, and Chrysler dealers will replace the front seat head restraints, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Forest River customer service at 1-574-262-3474 ext. 212. Forest River's number for this recall is 55-06112015-0051.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
