**This letter is in response to the Dometic Two-Door Refrigerator Recall**

In compliance with the National Highway Traffic Safety Administration letters of July 01, 2008, September 30, 2008 and conversations with administration personnel we are submitting this letter of response.

Creative Conversions, Inc. is a small horse and cargo trailer conversion company that takes a customer's trailer, designs and installs a living quarters into it.

We have to the best of our ability contacted the few customers that we have installed this type of Dometic refrigerator into their trailers and advised them to check the Dometic Website to see if their refrigerator is listed on the recall.

Thank You,

Keith Williams, President / CEO
