Smithville Texas 78957

Please note that only one unit was purchased from demotic that was under the documents that you sent. that unit was never installed in a rv that we are aware of. building of camper units failed and we closed the trailer division the 1 unit in question was disposed of in a close-out clearance as part of a sale for cash. a larg lot of items were part of the close out. there are no records of the name of the person that purchased the close out lot. I have no way to contact the person that purchased the lot. again we only purchased 1 unit and closed the failed division. if i can do any thing else to clear this matter please contact me by e-mail Signguy@lifelikeus.com.
Thank you
Don Mills
