Hi Kelly,  
The vehicle manufacturing dates for Recall FL-542 on the MBE900 engines are March 9, 2004 through August 18, 2006.  
Please let me know if you need more information  
Thanks, Steve

Kelly,

Dave Stanley who worked on this recall is out on vacation till January 13th. I have asked Steve to look into this. He too is in an all week workshop this week. He will try to get this done between brakes.

Thank you.

Nasser

Hi Nasser.

We need to discuss the new fuel line fracture recall, FL-452. It's good to have the dates that the engines were manufactured but we still need the DOM that the buses were manufactured. Please get this info to me ASAP for our records.

Much appreciated,
