RE: NHTSA Safety Recall Campaign Number: 08V-518

First and foremost I want to apologize for the delay in the attached recall reporting information on behalf of MobilityWorks. The information which must be supplied by Ricon Corporation to obtain inspected / repaired lifts was not provided to MobilityWorks until 2/27/09 and was not complete. I have worked aggressively over the last month to obtain additional details to enable the appropriate reporting.

Attached is 4th Quarter reporting for 2008 regarding the Threshold Warning System (FMVSS-404) on Ricon lifts installed in vehicles converted by MobilityWorks. I have already contacted Ricon Corporation and requested information required to complete Q1 reporting for 2009.

If you have any additional questions please contact me at the below noted phone number.

Best regards,

A handwritten signature in black ink, appearing to read "Dennis W. Summers". The signature is fluid and cursive, with a long horizontal stroke at the end.
