Mr. Daniel Smith
Associate Administrator for Enforcement
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, D.C. 20590

RE: NHTSA Recall 09V-122, Hyundai Recall 092

Dear Mr. Smith:

Hyundai Motor Company previously submitted a Defect Information Report to NHTSA regarding a recall campaign of certain model year 2006-2007 Accent, 2007 Azera, 2007 Elantra, 2006-2007 Entourage, 2007 Santa Fe, 2006-2007 Sonata, 2005-2007 Tucson and 2007-2008 Veracruz vehicles (NHTSA Recall Number 09V-122) pursuant to Part 573 of Title 49 of the Code of Federal Regulations.

Enclosed for NHTSA's files are letters to dealers.

Sincerely,

A handwritten signature in black ink that reads "Robert Babcock".

Robert Babcock
Senior Manager, Regulation and Certification Department

Hyundai Recall Campaign – Stop Lamp Switch
Announced by the National Highway Traffic Safety Administration (NHTSA)

Hyundai Motor America will be launching a voluntary safety recall campaign on the vehicles listed below. CAMPAIGN MAILINGS TO CUSTOMERS WILL BEGIN IN MAY.

As with all Hyundai Motor America voluntary campaigns, this provides your dealership an opportunity to reconnect or further build your relationship with these Hyundai owners. Please make every effort to ensure this campaign is a positive service experience for your customers.

The Campaign repairs cannot begin until dealerships receive the Technical Service Bulletin outlining the procedure and listing the part number of the Stop Lamp Switch. This communication is being sent to provide early general information for your personnel to answer any customer questions. A full information package will be sent to your dealership as soon as possible.

All States: Stop Lamp Switch Replacement

Technical Issue:

Customers with affected vehicles will receive letters advising them to return to their local authorized Hyundai dealership service department to have the stop lamp switch replaced.

Vehicles Involved:

Accent (MC):

2006 models produced Oct 13, 2005 through Mar 31, 2006
2007 models produced Oct 20, 2006 through Nov 30, 2006

Azera (TG):

2007 models produced Sept 20 through Nov 30, 2006

Elantra (HD):

2007 produced Oct 25, 2006 through April 30, 2007

Entourage (EP):

2006 models produced Feb 16 through Mar 31, 2006
2007 models produced Oct 20, 2006 through Jan 31, 2007

Santa Fe (CM):

2007 models produced Oct 20, 2006 through Mar 31, 2007

Sonata (NF):

2006 – 2007 models produced Mar 1, 2005 through Feb 28, 2007

Tucson (JM):

2005 – 2006 models produced April 4, 2005 through Feb 28, 2006

2007 models produced Oct 20, 2006 through April 30, 2007

Veracruz (EN):

2007 – 2008 models produced Dec 26, 2006 through Nov 30, 2007

DEALERSHIP PERSONNEL ACTIONS

Your dealership will be receiving a full package of information on this Recall Campaign in the coming weeks. Prior to that information arriving, some customers may contact your Service Departments with questions or to schedule the campaign repair. **Here are some common questions you may get from customers before they receive their campaign notice letter from Hyundai.**

Q) Is my Hyundai involved in a campaign?

A) Please provide the full 17 digit Vehicle Identification Number from your car and we can check the Hyundai website to see if your Hyundai has any incomplete campaigns. What is your VIN? (from an insurance card or registration card)

Q) Is there a charge to have the campaign completed?

A) There is no charge for the campaign work. The instructions from Hyundai have not yet been received. If you like, we could put you on a list to call back once we get those instructions and then we can schedule an appointment to complete the campaign on your Hyundai. Can I have your email and contact phone number for our list?

Q) When will I get a Recall Notice Letter from Hyundai?

A) Hyundai will begin mailing customer notice letters at the end of May, 2009.

Q) Can I wait to have this campaign repair completed?

A) STOP LAMP SWITCH:

The Stop Lamp Switch is being replaced to correct malfunctions that can affect vehicle systems and rear brake light operation. If the car is operating as designed, the switch replacement can be completed after you have received the recall letter.

***BEST PRACTICE:* If you like, we could put you on a list to call back once we get those instructions and new Stop Lamp Switch replacement parts and then we can schedule an appointment to complete the campaign on your Hyundai. Can I have your email and contact phone number for our list? Ask: How many miles are on your Hyundai? Does the mileage match a Service Interval (7,500, 15,000, 22,500)? If yes, suggest for the customer's convenience to combine the switch replacement with a needed maintenance.**

Q) What parts are replaced in the campaign?

A) *STOP LAMP SWITCH*: For the Stop Lamp Switch campaign it is the small switch located inside the car above the brake pedal that will be replaced.

Q) Do you know how long the repair will take?

A) As soon as we get the Campaign procedure bulletin from Hyundai we can give you an accurate estimate of the time we'll need to complete the campaign. At this time, here are some initial estimates for your planning purposes.

- Stop Lamp Switch Replacement: Plan for 30-60 minutes in our waiting area while the campaign is completed, unless there are other maintenance items you would like to get completed while at the dealership.

Q) Your customer wants to contact Hyundai Motor America

A) Refer your customers to Hyundai's National Consumer Affairs department toll-free phone number 1-800-633-5151 or they can email Hyundai at consumeraffairs@hmausa.com . For regular mail:
