**Re: Re: Distribution of Recalled Tow Assemblies Involved in Safety Recall
09E-044**

Dear Mr. Person,

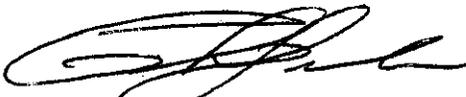

In regards to your questions:

"1. Please state whether Valley Towing Products sold or shipped the same tow bar assemblies as are involved in safety recall 09E-044, or assemblies substantially similar to those involved in that recall, and that might contain the same safety-related defect, to anyone other than Chrysler. If your answer is "no", then please disregard the remaining questions. No further action other than supplying your answer is needed."

1. Answer is No.

If you have any other questions or concerns feel free to contact us.

Thank you,

Chris Fudala
VP of Engineering
