January 5, 2010 (Referencing EQ 08-015)

Dear Sir or Madam:

In the letter that was received on January 4, 2010 that listed shower door recall numbers 07V-411, 08V-639 does not correspond with shower doors that we (Dalton Enterprises) use. We (Dalton Enterprises) have not experienced any safety issues with shower doors purchased from Irvine shade and door. At this time we do not currently offer shower doors from Irvine shade and door that have the optional built in towel bar.

Sincerely,

Tommy Owens
Production Supervisor
