ATTN: Recall Management Division

Dear Sir or Madam,

My name is Jim Matthews. I am responsible for the notices of recalls and defects for Pace American Inc.

I have received a letter from your office indicating that Irvine shade and door provided you with information relative to the fact that Pace may have been a purchaser of the shower door product in question under recalls 07V-411 and 08V-639.

After review of the letter, I made a telephone call to Irvine shade and door to inquire about information relative to which part number shower door is being questioned so that a purchase history search could be carried out in our system. In that conversation, the individual I was speaking with looked through a computer history of sales and stated that the shower door in question was not purchased by Pace American or our affiliate Optima Industries at any time. As we have no installations of the questioned materials afield, we feel there is no cause to issue any recall notices at this time.

Thank you.

James E. Matthews
Project Manager
Pace American Inc.
