Mr. Ansley

This e-mail is in response to your December 29, 2009 letter to Winnebago Industries regarding the Irvine Shade and Door shower door w/ towel bar and related recalls.

We have gone back in our records and do not find that we ever used a shower door from Irvine Shade and Door. I also spoke to two of our purchasing agents who were responsible for buying shower doors during this time span. Both purchasing agents did state they have purchased pleated fabric from Irvine Shade and Door but do not remember ever buying shower doors from them or even getting a sample door to evaluate. Our vendor for shower doors has been and currently is Coastal Industries Inc. Winnebago Industries Inc does not use Irvine Shade and Door shower doors.

I have also made several calls to Irvine Shade and Door during this past week. It appears there is only one gentlemen who can answer my question on what shower doors they believe (if any) they have sent us as well as how many and what date. As of today (Friday) he still has not returned any of my calls, however I will continue to try to contact him.

Due to the fact that we do business with Irvine Shade and Door, I believe they mistakenly put us on a list of manufactures that use their shower doors.

I trust this e-mail satisfies your inquiry, if you have any further questions please contact me.
