To Whom It May Concern:

We mailed via regular mail, our original response to the above referenced notice on January 6, 2010. It was returned to us today marked insufficient information. Following is our response.

Thank you for your notification letter regarding glass shower doors. Lazy Daze, Inc. does not now nor have we ever used glass shower doors or enclosures in any of the models we manufacturer. All of our showers are fiberglass shower/tub enclosures with vinyl shower curtains.

The only equipment Lazy Daze, Inc. purchased from Irvine Shade and Door, Inc. was accordion doors and window and door shades. We have never purchased glass shower doors or any type from Irvine Shade and Door, Inc. Since we never purchased or used the glass shower doors or enclosures this issue does not affect any of our coaches. Therefore, we are unable to comment on this topic.

If you have any further questions please contact us.

Sincerely,

LAZY DAZE, INC.
