Subject: Estes Deposition Photos

Clarence,

In response to your telephone inquiry to me earlier today, I checked and found the photographs you asked about. They indeed were entered and available from our web site. On the web page listing the investigatory documents for DP09005, the photos are accessed via the following link:
<http://nhthqnwws112.odi.nhtsa.dot.gov/acms/docServlet/Artemis/Public/Pursuits/2009/DP/INME-DP09005-38926P.pdf>
and the entry for that link on the document listing page is as follows:

INME-DP09005-38926P.pdf	MEMO 12/31/2009 FROM Clarence Ditlow, Center for Auto Safety TO THE FILE WITH ATTACHED PICTURES	35334
---	---	-------

I'm glad to be able to tell you that we did have the photos in the system. I'll look forward to receiving the additional submissions related to the FARS cases you say should be added into the mix.

Sincerely,
Larry
