

The customer letter mailing for the 2005 model year vehicles will begin on February 8, 2011.
The customer letter mailing for the 2006 model year vehicles will begin on February 15, 2011.

I will provide specific dates and letters for the 2007 and 2008 model year vehicles when available.

GM CUSTOMER CARE AND AFTERSALES
DCS2539
URGENT - DISTRIBUTE IMMEDIATELY

Date: February 1, 2011

Subject: 10282 – Safety Recall
Engine Stall Due to PCM Failure
Release of 2005 Model Year Vehicles

Models: 2005-2008 Pontiac Vibe
Equipped with 1.8L MFI Engine (RPO LV6) and Two-Wheel
Drive Transmission

To: All GM Dealers

Attention: General Manager, Service Manager, Parts Manager,
Used Vehicle Sales Manager and Warranty Administrator

In late August, we announced product field action 10282. This was in response to Toyota's decision to report to the NHTSA that a safety defect exists in certain Pontiac Vibe vehicles. The suspect vehicles are 2005-2008 model year Vibe equipped with the 1.8L MFI engine (RPO LV6) and two-wheel drive transmission.

Due to part availability, this recall is being administered in phases. This means that customer notification letters will be mailed as parts become available and GWM-IVH (GMVIS2) will be updated accordingly. Parts are now available to begin repairs on 2005 model year vehicles. You will be notified when additional phases are being released. The targeted dates for additional phases are shown below. Please keep in mind that these dates may change to due part availability.

2006 model year vehicles targeted for February 15, 2011
2007 model year vehicles targeted for March 2011
2008 model year vehicles targeted for May 2011

Please continue the current practice of repairing 2006-2008 model year vehicles only if the vehicle is currently exhibiting the condition.

Customer Letter Mailing

The customer letter mailing for the 2005 model year vehicles will begin on February 8, 2011.

Global Warranty Management (GWM)

The "Investigate Vehicle History" (GMVIS 2) link on the GWM application within GM GlobalConnect will be updated February 1, 2011 with 2005 model year vehicles only.

Campaign Initiation Detail Report (CIDR)

The CIDR for 2005 model year vehicles will be available February 1, 2011.
