

Federal-Mogul Corporation  
Southfield, Michigan 48033

JANUARY 2011

# SAFETY RECALL NOTICE

Claim No. 10E-059

---

---

---

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Federal-Mogul Corporation has decided that a defect which relates to motor vehicle safety exists in certain Federal-Mogul aftermarket control arm assemblies (part numbers K7425, K7427, 10945, 10946, FA4510X, FA4611X) manufactured for: Chrysler Cirrus 1995-2000; Sebring Convertible and Sedan only 1996-2006; Dodge Stratus Sedan 2001-2006; Stratus all 1995-2000; and Plymouth Breeze 1996-2000 vehicles. Therefore, Federal-Mogul is recalling these specific control arm assemblies. Federal-Mogul will replace these parts without charge.

The ball joint on the control arm assembly can fail causing the ball stud to wear through the control arm housing resulting in noise and/or separation of the ball stud from the housing. If there is a separation of the ball stud from the housing, a vehicle crash may occur.

These products were marked under the brand names: MOOG®, TRW®, Duralast® and NASCAR® Advantage™. This notice applies only to the aftermarket control arm assemblies with part numbers listed in Table 1 on page 2. For the listed vehicles, visual inspection can be performed to determine if the suspect control arm assembly is subject to this recall. For proper identification,

1. Raise vehicle on approved hoist.
2. Clean the cover plate of the control arm's ball joint socket which faces the ground.
3. Inspect cover plate for the stamped number as illustrated in **Figure 1** for MOOG brand parts or **Figure 2** for TRW, Duralast or NASCAR Advantage (the NASCAR Advantage product was sold only in Canada) brand parts.
4. Refer to Table 1 to determine if the stamped number indicates that the subject control arm assembly is part of this recall.
