Subject: Safety Recall 90L, Phase 10
2003-2009 4Runner Template and Shape Gauge

As you are aware, Toyota has launched phase 10 of Safety Recall 90L covering 2003 - 2009 model year 4Runners. This vehicle will use the same template and shape image as the Tacoma.

*** Tacoma Cutting template(s) and shape gauge(s) have been provided to each dealership, the Tacoma gauge will also be used for 4Runner vehicles**

Before completing any repairs, please ensure that your technicians have read the technical instructions and that all of your Safety Recall 90L templates and shape images are in good condition. To support vehicle repair quality, enclosed you will find a new template and shape gauge for your use. If you find that you need either template or shape gauge for other models, please contact your FTS and notify them of the vehicle and quantity desired. Thank you for your continued support of industry leading repair quality.

Sincerely,

Marc [REDACTED]
Technical Services Manager
