RE: REPURCHASE (if necessary) REMEDY DESCRIPTION; 11V-244

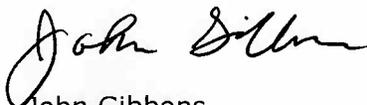

Dear Ms. Timian,

You requested clarification of how the subject vehicles would be valued for repurchase. In those rare cases where it is determined that the vehicle is not repairable due to the condition that is the subject of the recall and that a repurchase offer is appropriate:

1. NNA will offer to repurchase the vehicle at a value, as provided for by federal law, equal to the original purchase price less depreciation.
2. The value of the depreciated vehicle will be determined by reference to the Kelley Blue Book "private party value", accounting for the age, mileage, trim level and other options, and condition of the vehicle (corrosion that is the subject of the recall will be excluded from consideration in determining the vehicle condition).

Should you have any further questions regarding the above information, please do not hesitate to contact me.

Regards,

John Gibbons
Senior Manager, Technical Compliance
