This recall involves 147 Skyline 2000 Nomad and Layton recreational vehicles equipped with a hydraulic pump operated slide-out room and manufactured from March 14 through May 1, 2000. The polarity of the wiring between the 12-volt converter and hydraulic pump is reversed. The assigned recall identification number for this recall is 00V-129.

Skyline is responsible for the remedy of these vehicles from this date forward, regardless of vehicle age, mileage, or ownership.

Quarterly Status Reports

As stated in Part 573.6, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. As stated in your report, owner notification was expected to begin during May 2000. Therefore, the first quarterly report will be due in this office by July 30, 2000.
