National Highway Traffic Safety Administration

**Part 573 Report Date:** December 24, 2003      **DATE FAXED:** January 6, 2004

**MANUFACTURER:** Dutchmen Manufacturing, Inc.

**MANUFACTURER CONTACT:** Mr. Daniel A. Bensman

**FAX:** (937) 295-3633

**SUBJECT:** 6,172 Dutchmen 2001-2004 travel trailers manufactured from June 2000 through November 2003. These travel trailers are equipped with Suburban model furnaces. In the event that the furnace is in use, the lack of the exhaust vent could allow furnace combustion products containing carbon monoxide fumes to vent into the trailer rather than to the exterior of trailer.

This is an acknowledgment for this recall. A formal acknowledgement letter will be written **ONLY** if we have additional comments or concerns.

Please provide us with the models of these travel trailers.

Also, please provide us with a draft owner notification letter for our review before mailing to consumers and an estimated mailing date.
