Ref: Recall Campaign Number 03E-02B - 3rd Quarter Report

Dear Ms. Schuler,

Please find enclosed the 3rd Quarter Report regarding Recall Campaign #03E-02B. This report covers the period beginning January 1, 2004 and ending March 31, 2004.

We are continuing to receive information from distributors and dealers and we are contacting consumers as soon as we have their names. We are preparing a "Second Notice" mailing to our distributors so we can increase our ability to contact consumers who have purchased our wheels that need replacement. We have also started using a "flyer" to post at various distributor and tire/wheel dealers.

If you have any questions or comments, please contact me at (216-641-8315).

Sincerely,

Richard L. Corliss
Manager, Technology & Quality
Alcoa Wheel and Forged Products

Any Questions please contact Mrs. Kelly Schuler or Mr. Jon White at (202) 366-52327 or by Fax (202) 366-7882

ALCOA VOLUNTARY RECALL

AFTERMARKET LIGHT TRUCK WHEELS, DUALY WHEELS.

This voluntary recall affects aftermarket 16 x 6, LTS and Classic Aluminum Forged Light Truck Wheels and Dually Wheels produced between June 1996 and June 1999.

Some wheels may develop fatigue cracks over time. This could lead to gradual air loss from the tire and, if not addressed, the eventual separation of the wheel and tire.

These wheels were designed to fit the full-ton vehicles of the following manufacturers: Ford F-series, General Motors-GMC, Chevrolet, Dodge Ram and Ford Econoline van.

Roll stamp is on the inside of the wheel, opposite the valve stem. The date code and part number follows "MADE IN USA."

To determine if wheels are included in this recall, check the part number and date of manufacture in the wheel roll stamp.

Chassis Part Number	LTS Part Number
160231, 160232	160251, 160252
160241, 160242	160261, 160262
160281, 160282	160271, 160272
160291, 160292	
160301, 160302	

All recalled wheels will be replaced at no cost to you. Talk to your dealer or call the Alcoa Campaign Center at 855-279-3855.
