Dear Sir or Madam,

It has recently been brought to our attention that inaccurate information had been previously submitted on the 573 document regarding recall 02V278.

The error was typographical and pertains to the "starting Workhorse Vehicle Identification Number" on the 2002 Monaco Lapalma. It appears that the original 573 called out the starting and ending Workhorse VIN numbers as both being 5B4MP67G323352130. The ending vin number is correct, however the starting vin number should be 5B4MP67G813334608. We have enclosed page 1 of the original attachment reported to your facility with the amended change.

If you have any questions, please feel free to contact me at (574) 389-4225. We apologize if this causes any inconvenience.

Sincerely,

Chuck R. Zucker
Technical Coordinator Supervisor
